SHIPPERS OF FREIGHT and the Merchants of the Upper Mississippi River are notified that merchandize for the various Landings marked to the care of the Milwaukee & Mississippi Rail Road at Prairie du Chien, will be received there on the Levee by the undersigned for shipment at Tariff Rates—

Editorial Correspondence of the Sentinel.

A Pic-Nic—The Michigan Central R. R.—Detroit—The Great Western Railway—Clifton House—Niagara.

CLIFTON HOUSE, NIAGARA FALLS,
July 26, 1857.

Presuming that my brothers of the *Free Democrat, News* and *American* have already told the good people of Milwaukee all about the Pic-Nic at Highland Park, on Thursday last, I shall make but brief mention of it. The day, the occasion, the company and the trysting place, all conspired to make the entertainment a delightful one. The weather was all that could be wished, a fresh sea breeze tempering the summer heat; the occasion was the union of the companies which have heretofore owned and managed the Lake Shore Road; the company included an excellent representation from Chicago and Milwaukee; and the spot chosen for the gathering was a beautiful spot overhanging our glorious Lake. Among the distinguished gentlemen present, were Senator DOUGLAS, of Illinois; Senator DOOLITTLE, of Wisconsin; Mr. GURNEE and Mr. WATKINS, the two Presidents of the Illinois and Wisconsin Lake Shore Roads; Drs. DYER and MAXWELL, and Mr. J. H. KINZIE, of Chicago; Mr. UPHAM, Mr. M. M. STRONG, Mr. DAVID FERGUSON, and other gentlemen from Milwaukee; sundry representatives of the Press, in the two cities, and a bevy of beauties whose names live in our memories, but may not be profaned in print. There was a cold collation and accompaniments, Lager Beer from Milwaukee, and various vinous preparations from Chicago; sentiments and speeches; music and merry-making; song and dance. Senator DOUGLAS spoke briefly, eloquently, and appropriately for Illinois, and Mr. MOSES M. STRONG well sustained the honor of Wisconsin. In a word, the occasion was one of unalloyed enjoyment, and when the company separated, it was in the hope and resolve soon to meet again.

Many of our party, unwilling to take leave at once of their hospitable entertainers, accompanied them to Chicago, some returning home by the night boat to Milwaukee, others waiting for the next morning's train. By invitation of Mr. Floyd, one of the proprietors of the Briggs House, we made that our stopping place, and had every reason to like the selection. My own course being Eastward, I left Chicago, in the morning, by the Lightning Express over the Michigan Central Rail Road, and had a rapid and pleasant ride to Detroit. I have already spoken so often and so highly in praise of this road, that it seems like repetition to say anything more in its favor. I will content myself, therefore, with the remark that it is, if possible, in better order now than ever before, and that in the speed and regularity of the trains, the comfort of the cars, the civility of the conductors, and the quiet, yet perfect order which characterizes every department, the Michigan Central is, in my judgment, the *model* Rail Road of the United States.—Leaving Chicago at half past 5 A. M., we were whirled into Detroit at half past 2 P. M.—precisely on time—making 282 miles in *nine* hours, or *thirty-one and one-third miles* an hour, including all stops. Those who went directly on, connected with the Lightning train over the Great Western (Canada) road, reaching the Suspension Bridge at half past ten at night, and New York the next afternoon, by dinner time. For myself, I made a brief stop at Detroit, finding good quarters and a kind welcome at the Biddle House, where Col. DIBBLE has presided there many years past. I was indebted to him for a drive about town and a view of many objects of interest which I had not seen before. Among these was ELMWOOD CEMETERY, where repose the ashes of Detroit's dead worthies, amid sylvan scenes of great beauty and impressive quiet.

DETROIT occupies a noble site, and rejoices in broad and well paved avenues. The growth of the city is rapid and substantial, and its prosperity founded on a solid and permanent basis; but it lacks that air of life, bustle and business which is so characteristic of Chicago and Milwaukee. A few months more will see Detroit in close and direct communication with Milwaukee, by means of the Detroit and Milwaukee Railroad, and the steam ferry across Lake Michigan. The completion of this new thoroughfare is anxiously looked forward to by the business men of Detroit, and they confidently and rightly anticipate large and lucrative additions to their trade the moment the road is opened for use. Extensive dock facilities (with a frontage of 1300 feet on the Detroit river) and ample ware-house room, have already been provided and will all be needed, for the trade and travel which this road will bring to the "City of the Straits."

Saturday morning found us on the Great Western Railway, flying through Canada, on a straight and level track and in airy, spacious and not over-crowded cars, at the rate of thirty miles an hour. Our party had increased by the addition of several who had left Milwaukee Friday, and we all agreed to stop and spend a day, or two, in passing, at the Clifton House. Here we arrived yesterday afternoon, and though the house is full our affable host STEARS made an excellent provision for us all. The CLIFTON HOUSE is just now in its glory; every room is occupied; the parlors and piazzas are gay with animated groups; the adjacent grounds are in perfect order; and the line of cottages attached to the main hotel, seem to be the pleasant homes of a dozen family parties. Every evening, except Sunday, a capital band discourses eloquent music in the large hall, apart from and yet connected with the house, and all who feel disposed join in the merry dance. There is none of the formality, or ceremony, which prevails at Saratoga, tho' quite enough style in dress and extravagance in crinoline to satisfy the votaries of imperious Fashion. The Company is made up, in nearly equal proportions, of English and Americans, and as a hundred come and go daily, there is variety enough to occupy and amuse the quiet observer. The hotel is admirably kept; indeed I know of none better in the country. When to all this you add the indescribable, ever-varying and yet ever increasing attractions of the Great Cataract itself, what remains to be said?

This is, I think, my tenth, or eleventh visit to Niagara and it seems more beautiful to look at and more difficult to leave, than ever. I sit and gaze, for hours, upon the rushing waters and the rising spray, and listen, silent and entranced, to the eternal anthems which it sends up to the over-arching heavens. The thunder of the cataract is the last sound in my ears at night, and the earliest music which greet my awakening senses. I tire neither of the sight, nor sound; but could look and listen, for days and weeks, still delighted, yet still unsatisfied. It is Sunday, and the Great Fall is itself Minister, Choir and Organ. It lifts its deep voice of praise and thanksgiving to the skies, and in language more impressive than human lips can utter, tells of man's nothingness and his Maker's power. R. K.

Disunionists.

The *News* makes an abortive effort to identify the great Republican Party with the little squad of Garrison disunionists which proposes to hold a Convention somewhere, and quotes liberally from its call. As a clincher in the way of identification, the *News* quotes the following subdivision of the call:

"3. Those who, believing in the ultimate triumph of freedom, without disunion, still approve of the agitation of the subject, because they admit disunion to be a possible result; and because the discussion will tend, in any case, to strengthen and consolidate the North on the side of freedom."

And triumphantly asks:

Can any man tell us wherein this talk differs from that every day sent off from the Black Republican press of Wisconsin?

The *News* makes itself simply ridiculous by such queries. The Republican party does not "admit disunion to be a possible result" of the discussion of the Slavery question, though it does believe that the North is being daily consolidated on the side of freedom. The little band of rabid disunionists which have issued the call alluded to, does not by any means include *all* the disunionists, though none of them are found in the Republican party. The Democratic party of the Slave-States, which is the ruling portion of the party, contains hosts of them. Such men as Jefferson Davis, and those who think and act with him, being avowed secessionists, do not find their position in the party at all impaired by the avowal: if their treasonable sentiments. The doughface Hunker organs of the North do not dare to rebuke *them*, but expend their energies upon the Massachusetts wind-mills.

The Late Filibustering Democrat Administration.

It is ascertained, by recently published official documents, that JEFFERSON DAVIS, Mr. PIERCE's Secretary of War, who is known to be a disunionist, can also claim the bad eminence of being responsible for the indirect murder of the hosts of misguided filibusters, under Walker Nicaragua.

When Gen'l Wool took command of the Pacific Division, he received the following instructions:

WAR DEPARTMENT, WASHINGTON, Jan. 12, 1857.

SIR: In addition to the ordinary duties of the military command to which you have been assigned, it is deemed proper to direct your attention to certain special duties which will devolve on you.

Among those will be the duty of maintaining our international obligations by preventing unlawful expeditions against the territories of foreign powers. Confidence is felt that you will, to the utmost of your ability, use all proper means to detect the fitting out of armed expeditions against countries with which the United States are at peace, and will zealously cooperate with the civil authorities in maintaining the neutrality laws.

A few days later the President issued his proclamation against violators of the neutrality laws, and directing all officers of the government to cause the arrest of the offenders. Gen. Wool *did* cause the arrest of sundry persons engaged in recruiting for Walker, and his first expedition (to lower California) failed. The Gen. sent home a report of his doings, and here is the reply from Secretary DAVIS:

"WAR DEPARTMENT,
"Washington, 14th April 1854.

"SIR:— * * * Your remarks in relation to unlawful expeditions sailing from the coast of California suggest the propriety of referring you to your instructions upon the subject. It was not expected or desired that the military command should do more than belongs to the ordinary relations of the civil and military power; and in instructing you to aid the civil authorities, it was not intended that you should originate arrests and prosecutions for civil misdemeanors.—You will readily perceive that consequences injurious to the public service would probably follow from such interference by the military with the functions of civil officers."

After this curt rebuke, when Walker called upon Gen. Wool, and lyingly told him that he intended nothing but a peaceable expedition to Nicaragua, the Gen'l informed him that he was instructed not to interfere with his movements, unless called upon by the civil power.

A RELUCTANT CONFESSION.—The Richmond (Va.) *South*, started as *the* Slavery paper *par excellence*, holds forth as follows:

We are constrained to admit that, so far, the general indication of sentiment are by no means favorable to the stability of the institution of slavery. The subject is no longer being debated upon the high vantage ground occupied by the Southern States, of the original rectitude and reciprocal blessings of slavery; but it is reduced merely to the question of the practicability of emancipation. That a large majority of the people are in favor of the abolition of slavery, if it can be effected without serious detriment to their interests, is a fact which we are compelled, however reluctant, to believe.

The idea of the "original rectitude and reciprocal blessings" of slavery is not extraordinary, coming from that source, but a confession that a large majority of the people of the South favor its abolition, is something that we did not expect to see. The world moves!

Ink-pa-du-tah's Band to be Given Up by the Sioux Nation.

The St. Peter *Free Press* of the 23d inst., has later intelligence from the Sioux Agency. The Sioux Indians have given up the Indian who stabbed the soldier, and he is now a prisoner in the Fort. Should the soldier die, the Indian will be summarily shot.

It is now ascertained, beyond a doubt, that Ink-pa-du-tah and his band *are annuity Indians.* Their names are on the list, and only last fall, he drew pay for eleven. Upon ascertaining this, Mr. Cullen, the Superintendent, under instructions from the Department, refused to pay the Indians until they surrendered Ink-pa-du-tah and his band, or exterminated them. At first, this caused great dissatisfaction, but they finally acquiesced, and a party of two hundred braves, six from each band, has already started for that purpose. The troops do not go with them. Ink-pa-du-tah is at Skunk Lake. The wretches will now in all probability, be exterminated, root and branch, which will undoubtedly put an end to all the difficulties.

ADVANCED RATES OF FARE.—The N. Y. *Tribune* of the 28th says: "The arrangements for an advance of fares and reduction of expenses on the Erie and Central Roads have been agreed upon and the Erie through fare was advanced to day from $5 to $8. Rates of freight will also soon be advanced. Extraordinary expenses, calculated to be equal to $200,000 per annum for each road, will be cut off under the new agreement. The representatives of the Pennsylvania Central and Baltimore and Ohio roads are in town and express a strong desire to co-operate with our roads."

SHEBOYGAN PRESS.—In what we said yesterday concerning the neglect of the papers of Sheboygan to furnish items concerning the growth and prospects of their city, we had no reference to the *Nieuwsbode*, edited by Mr. QUINTUS in Dutch. We do not read the language, but understand that much local information is given in the paper.

FIRE AT MAZOMANIE.—A despatch from the west yesterday announced the destruction by fire of the Station-house of the Mil. & Miss. R. R. Co., at Mazomanie. It was a large frame building, and kept insured by the proprietors of an Eating Saloon in the 2d story. The insurance saves the company from loss, but the proprietors of the Saloon have lost all that they had invested.

WRECK OF THE SUPERIOR.—A letter to Capt. Bagnall of Buffalo, says that Mr. Keaho has been up to examine the wreck of the steamer Superior. He found the engine and boilers in seven feet water, and the big anchor and chains in 9½ feet. They are in a very exposed situation, and will be hard to get up, if got up at all.

EXCURSION TO GREEN BAY.—The steamer *Queen City* was to start from Buffalo yesterday, carrying a large party of excursionists to Green Bay and intermediate points.

The Minnesota Convention Again—Progress of the Factionists.

The Sham-Democratic minority of the Convention, after considering the subject for ten days, have at length made a movement:

The St. Paul *Minnesotian*, of the 23d, says:

The Bogus "Convention" met yesterday at 12 o'clock, and after some preliminary sparring among the members, Jo. Brown proceeded to deliver the Committee on credentials of the long promised litter. By his skillful surgery, forty-three credentials of members, regularly elected, from legal districts, were brought forth without much trouble; then followed six hybrids from Pembina, and at the after birth, which was attended with considerable labor, four nondescripts from St. Anthony and one from Houston County came forth alive, but manifesting no disposition to kick or complain at the company they were found in. This makes up their number as follows:

Members with regular Credentials	43
Credentials from Pembina	6
Men without Credentials	5
Total	54

According to the construction of the Enabling Act given by this faction, which would seat in the Convention six men who claim to come from a portion of the Territory not included within the proposed State, the Convention consists of 108 members. Therefore giving them all they claim, they are still destitute of a quorum—only having half that number, and not a majority.

But the bold outrage of giving Mr. Streeter a seat to supplant Mr. COE, of Houston county, when the former only received *three votes* for the position which he is elevated to, against Mr. Coe's vote of nearly four hundred, is only equalled by the rascality of seating J. P. Wilson, a citizen of Hennepin County, as a member from Pembina! This caps everything that the Border Ruffian party has ever done in Minnesota. Wilson has always been a ready tool of the party to act out any rascality commanded by his masters; but we were not prepared to see him take this step. He makes no pretence of living at any other place than Minneapolis, or of having resided at any other place than there and at St. Anthony during the past seven years—he does not claim that he was a candidate or voted for in the Seventh council district, and yet he accepts the bogus credentials, and takes his seat!

Well, if the people can stand this, they can stand anything. The proceeding is absolutely too ridiculous to treat seriously, and yet the crime is too enormous to be characterized by any other epithet than one of the deepest and most damning villainy.

It will be seen that, after all these efforts to perpetrate a monstrous fraud, these bogus operators could cypher up but 54 delegates, whereas 55 would be necessary to make a majority of the Convention, at their own reckoning.

Change in Public Sentiment in Wisconsin.

The Portage City *Record*, in reply to an assertion made by the Appleton *Crescent* and other Hunker papers, that there has been such a "revolution in public sentiment" as to cause them to predict a democratic victory this fall in Wisconsin, furnishes the following "documentary evidence," on the subject:

How far they are justified in their assertions, let the following list of new papers which have been established since the fall election, determine:

Telegraph, Eau Claire,	Neutral.
Times, " "	Republican.
Leader, Prairie du Chien,	Republican.
Register, Whitewater,	Republican.
Star, Mauston,	Republican.
Record, Portage City,	Republican.
Republican, Waukesha,	Republican.
Central Wisconsin, Wausau,	Republican
Chief, Ft. Atkinson,	Republican.
Express, Marquette,	Democratic.
Journal, Fond du Lac,	Democratic
Herald, Mazo Manie,	Neutral.
Fireside, Madison,	Neutral.
Rara Avis, Portage City,	Neutral.

It may be but justice to the Democrats to add that the Milwaukee *American*, the only Know Nothing paper in the State, has espoused their cause. But they are in advance in one respect, and that is in discontinuing papers, as will be seen by the following list of papers that have ceased publication:

Sentinel, Beaver Dam,	Democratic.
Reporter, Elkhorn,	Democratic.
Star, Ripon,	Democratic.
Examiner, Neenah,	Democratic.
Standard, Baraboo,	Democratic.
Norske Americaner,	Democratic.
Plaindealer, Waukesha,	Democratic.
Free Press, Appleton,	Republican.
Republican, Jefferson,	Republican

It strikes us that the foregoing exhibit is some thing of an indication of public sentiment.

The Shipping of Gloucester.

But few New England seaports own so many vessels as Gloucester, although its tonnage is exceeded by Boston, New Bedford, Portland, Bath, &c. Three hundred and forty-five vessels are owned and sail from that harbor, and are classified as follows:—Fifteen barques and brigs, twenty-five packet and coasting schooners, and 305 fishing schooners, averaging eighty tons each. To man this great fleet of merchant, fishing and coasting vessels, are required the services of nearly 4000 men, who come from all quarters, and comprise almost all nations. No difficulty is experienced in manning these vessels, such are the hosts of men continually seeking employment from the British Provinces and from the merchant service. Many of the best seamen in Boston leave their ships at the commencement of the mackerel season.

WATERTOWN & MADISON R. R.—The editor of the Watertown *Democrat*, having just been over the line of the railroad under construction towards Madison, thus discourses of the road and the country through which it passes:

We have just passed over the line of the Watertown and Madison Railroad, inspecting critically its entire length. Four days more grading, and about twenty days spiling across the Hog Island Marsh, will complete the line to Hanchetville; and as iron is now being laid down at this end of the route, and a construction engine constantly at work, we may safely say that regular trains will begin to run to Hanchetville near the 1st of September, and at the same rate of work, to Madison about the 1st of December next.

The whole route along both sides of the line is one vast grain field. The area of country thus occupied is incredible—certainly not less than one-half, and to appearance, two-thirds—and the yield promised, is past all former precedent.—Oceans of wheat, now rapidly ripening and out of danger, meet the eye on every hand, while all other crops cheer the sight with equal abundance. We never before saw or imagined so magnificent a spectacle—such an endless prospect of plenty.

HUDSON, WIS.—The Hudson *North Star*, recently revived after a suspension of some months, says, concerning the appearance of things about that fine young city:

At our levee Steam Boats are arriving daily, and landing emigrants and freight. Our back country is fast filling up with good, hardy, substantial farmers. Notwithstanding the backwardness of the spring, the crops never looked better than at the present time. We have five steam mills in successful operation and four building, and yet many do not build that would if they could procure lumber. Our merchants are doing a good business, and times are getting much easier.—Real estate has been dull for some time, but is beginning to look up again. Among the sales at fixed figures we notice J. Whaley, to Edgerton and Mathison 31 lots in Whaley's addition at $75 per lot, 6 lots in same addition at $150 per lot, for cash. Steamboatmen tell us that there are more freight and passengers coming to this town than any other place of its size on the river.

MR. McELRATH'S FAILURE.—The N. Y. *Tribune* of the 28th says:

It is known that Mr. Thomas McElrath, who is one of the proprietors of the the TRIBUNE, has found it necessary to let certain acceptances issued to the contractors on the Pittsburg and Steubenville Railroad go to protest. Negotiations are in progress which we hope will be speedily consummated, and which we believe will lead to the early retirement of all these acceptances.—Meantime we are glad to be able to assure all interested, that neither the TRIBUNE nor the Nassau Bank, of which he is President, is implicated to the slightest extent in these embarrassments.

ARRIVAL OF LUMBER.—Some of our exchanges are bragging of the arrivals of lumber at their different localities. If this is anything to brag about, we think we have a good right to brag, as every train which arrives here bring from three to five cars loaded with lumber; and what is more, the lumber is bought and used up for building purposes about as fast as it arrives.—*Columbus Journal.*

☞ Harvest has commenced, and farmers are busy at work in our splendid fields of grain.—Thus far, wheat has been free from all injurious influences, and most of it may be considered out of danger. The straw is strong and tall—the kernel plump, full, and fair. All the signs are auspicious.—*Watertown Democrat.*

The Lawrence "Treason."

The Lawrence, Kansas, *Republican* gives, in the following article, a full explanation of the motives of the people of that city for adopting their municipal organization, which act has called down upon them the wrath of His Mightiness, Gov. Walker:

Do our friends ask why we adopted a city organization? We answer, it was merely for the protection and convenience of the city. We are in the midst of a terribly hot summer. Day after day the thermometer runs up to 100 degrees Fahrenheit in the shade. Like other cities, we are liable to nuisances in our streets or within our limits. Some man's horse dies, and he neglects to remove him a proper distance from the city, and the decaying animal becomes offensive. Other things of a like nature are liable to occur, "What is everybody's business is nobody's," and for the protection of the comfort and health of the city it was thought best to organize a voluntary city organization, whose business it should be to attend to such things. We had no idea that the preservation of the Union depended upon our allowing dead horses to remain in our streets, nor that it would be "treason" and "rebellion" to cleanse an offensive vault with a disinfecting agent.

Still more, many of our buildings are of wood. During this dry, hot weather, they are ready to burn like powder. There are but few wells in town—we do not know of a single one on our main business street, and water would be almost inaccessible in case of fire. Well, we thought we would get our city government organized, and then, under an equitable division of the expense, we would dig some large public wells and cisterns, and perhaps purchase a fire engine. And we were simple enough to suppose there was nothing very treasonable in not wishing to be burned up here some windy day. And it never entered our heads that the purchase of a fire engine, with money voluntarily contributed, would be an organized "rebellion," demanding the interference of the "great pacificator," at the head of armed battalions.

It is not proposed nor intended to force our organization upon anybody. The necessity and advantages of the movement here are so apparent that no opposition was nor is apprehended. Public opinion would, and will be, all sufficient. It is a simple, social, voluntary organization, induced by necessities which all feel. We consider it no more illegal than a church organization. If our assessors levy contributions upon us, in a fair proportion, and for laudable purposes, and we see fit to pay them, what matter is that to Gov. Walker or anybody else? What right has he to interfere with dragoons and prevent us from buying a fire engine? Must we go to Lecompton to ask permission to dig a well?

WHAT WILL THE PEOPLE DO?

We find it utterly impossible to account for Gov. Walker's strange conduct. It was thought that Shannon performed some strange freaks while he was Governor, but Shannon's acts were the essence of wisdom compared with this deed of Walker's. Stanton's celebrated war speech in Lawrence, when he told of "war to the knife, and the knife to the hilt," was not generally considered a statesmanlike performance, but Stanton has covered himself all over with glory in comparison to Walker. Is it asked what Lawrence will do? We see not that Lawrence has anything to do in the premises. We suppose everybody will attend to their business as usual. If Walker has any use for the troops, we shall probably, after a while, learn what it is. Meanwhile we patiently abide the result.

THE RED RIVER CARAVANS.—A friend who recently returned from a visit to St. Paul, gave us a description of one of the caravans which had just arrived from the Red River settlement. He stated that there were over 100 carts in the town which he saw, and another, of 200, was daily expected. A correspondent of the N. Y. *Tribune* notices the train as follows:

The attention of strangers at present concentrates on a train upon the Red River settlement, recently arrived from that distant region in this city. These long-haired, bronze colored, odd-looking specimens of humanity—mostly Half breeds or descendants of French Canadians—immediately upon their return from their semi annual hunting expeditions—commencing about the middle of the month of June and November and continued for two months respectively,—start on their weary journey of 600 miles across a wild, unsettled country to this commercial emporium, for the purpose of converting their hunting trophies into cash and procuring a new supply of their modest necessaries of life. Their stores of furs are brought along on queer-looking chariots, made entirely of wood, even the nails being of the same material. They are rolling on by dint of two wheels of enormous diameter, and either a melancholy ox in harness, or a thin, poorly fed, yet enduring pony. Each male individual superintends the motions of six of these primitive conveyances, hitched one to another in succession, thereby forming a long and seemingly endless trail. As these rude men of the North do not apply the smoothing power of either oil or grease, an ensemble of squeaks is produced, as these vehicles advance, that is represented by ear-witnesses as beyond all description, and as to intenseness of dis-harmony claiming the highest originality. In sovereign contempt of the enervating comfort of civilized life, they never partake of the hospitality tendered by the numerous landlord fraternity of third class institutions in this city, but prefer a stopping-place free from blood-thirsty vermin, the summerly population of our modern caravansaries. They pitch their tents at a short distance from town, on the open prairie.

DESERVED PROMOTION.—Our readers will remember several acknowledgments of the receipt of St. Paul papers through the hands of Mr. C. S. Storms, clerk of the Ocean Wave, and some conductors on the Milwaukee & Mississippi Railroad. This kind of attention on the part of Mr. Storms was bestowed upon the press generally on the river between St. Paul and Prairie du Chien, and the line of the railroad through Wisconsin. But this courtesy to the press lost Mr. Storms his place. He was in the employ of the Galena Packet Company, and the press whom he favored were getting their papers in advance of their receipt by offices on the Galena route. In their acknowledgments to Mr. S., the Wisconsin press were publishing too frequently and plainly the superiority of the Wisconsin route over the Illinois and Dubuque route, and the Galena Co. accordingly dismissed the offending clerk in their employment.

But this display of jealousy has not injured Mr. Storms. In fact, he is a gainer by it, and the superiority of the Wisconsin route to St. Paul, upper Iowa and Minnesota is just as evident as before. The Milwaukee and Mississippi R. R. Co. has made Mr. Storms its general agent for Minnesota, and his opportunities for a good service to Wisconsin and Wisconsin interests are greatly increased.

How much has the Galena Company made by a removal of a steamboat clerk?—*Janesville Gazette.*

AN INTERESTING CAPTURE.—A ragged and dirty youth made his appearance at the jail door, yesterday afternoon, and after loitering around a while, was accosted by the under-jailor, who asked him what his business was, or what he wanted there. The youth replied, "I'm John Perry's brother; p'raps you've heern of me. John's in jail here, and I come down to see how he gets along." He then asked for the turn-key, whose treaton we published a few days ago.—The jailor told him that he had heard about him, and requested him to wait a few moments at the door and he would find the said turn-key.—He then brought Sheriff Welch and other officers, who entered upon an examination of the alleged brother, and succeeded in obtaining from him many important facts in reference to the infidelity of the turn key, and the schemes of bribery concocted by the prisoner who made his escape that morning. Upon searching his person, they found $50 in gold sewed into a belt, (which amount, he finally confessed, was sent by Perry's wife as a bribe for the turn-key) and also a letter to Perry, which revealed some facts of considerable importance to the officers who are in pursuit of the prisoners that broke loose on Monday night. The "carrier dove" will be held in custody for a while, to await the turn of events.—*Madison Argus.*

A NOVEL SUIT.—During the past week, there has been a case tried in this place, that it might be well for the Supreme Court of the State to take note of. We shall give it in full as soon as our reporter, who was present during the trial, will hand us the notes of the proceedings. It appears that, during the State canvass, proceeding the defeat of Gov. Barstow for re-election, Mr. H. Ward bought beef cattle of Mr. Pratt, which he sold out of his shop, and agreed to pay him for them when Barstow would be elected. It also appears that Mr. P. is getting tired of waiting for that time to come about; and this is the fourth time he has sued Mr. Ward, getting beaten each time. Our citizens were much interested in the case, and many were the faces, pregnant with anxiety, to be seen, as it was surmised, should Pratt win the suit, that he would have out a search warrant to seek for his property.—*Waukesha Dem.*

FATAL ACCIDENT.—We learn that Henry Sanborn, station agent at Shirland, Ill., on the Racine and Mississippi Railroad, was thrown from a freight car, while the train was switching at that place on Monday; the wheels of one car passed over his legs, crushing them in a shocking manner. He lingered in great distress until two o'clock on Tuesday morning, when death relieved him from his sufferings. The deceased was about 25 years of age and had been married but a few months.—*Racine Journal.*

South Pacific Coast.

We have dates from Valparaiso to the 16th, and from Callao to the 26th of June.

Congress had met on the 1st June, when the President read his annual message, which did not contain much of interest.

The first railroad train reached Quillota on the 11th ult., and was the cause of great rejoicing.

The British iron-built ship Alien sunk at her anchorage in the Bay of Valparaiso, while discharging—it is supposed through carelessness. She was afterward sold, as she lay at the bottom, for $1,000.

The little steamer Catapulco, of 42 tons had arrived safely from England, after a six months voyage: she was detained a long time in the straits of Magellan.

The gentlemen of Valparaiso continued to enjoy good fox-hunting semi-weekly. There were no less than forty-seven well-mounted riders at the last meet, and the chase is said to have been splendid.

From Bolivia we learn that the yellow fever was increasing in the city of La Paz.

From River Plate our dates are to May 31.

Montevideo was suffering most fearfully from the ravages of yellow fever. All the authorities had fled to escape the plague, which it was impossible to oppose for want of resources.

A Mr. Beck had arrived at Parana with 600 emigrants, who are to receive each sixteen *quadras* of ground, two yoke of oxen, and the expenses of their establishment, from General Urquiza, on whose lands they locate.

From Peru we learn that the revolution has made no move since our last advices. Our Arica correspondent, under date of 20th ultimo, writes us: "In politics, nothing new. The Government forces, about 3,000 strong, under General San Roman, are three leagues from Ariquipa; they are afraid to make an attack, and the insurgents are afraid to make a sortie. There they are watching each other.

WITHOUT EXCUSE.—In every point of view, the conduct of Gov. Walker in marching an army upon the City of Lawrence appears a monstrous act of tyranny and usurpation. Admitting what is charged upon the people of Lawrence, there is no justification for Walker's course. He must have adopted it simply to conciliate the Slave Power. Suppose, for illustration, the City of Schenectady, in our own State, disliking her present charter, should proceed, almost unanimously, to frame a new one without the intervention or permission of the Legislature. While this would be informal and illegal, would any one justify Gov. King in marching a regiment of soldiers into the City and quartering them upon the inhabitants? Until some overt act of resistance to existing law was committed, what shadow of right would the Governor have to interfere with a military force?—Gov. Walker must have been hard pushed for an excuse to punish the people of Lawrence for their Republican principles.—*Albany Evening Journal.*

NOVEL WAGER.—A few days ago a couple of brag swimmers in Rochester made a bet of fifty dollars on their respective aquatic qualities, to be decided in a trial trip towards Canada, the one who gave out first to lose the stake. A boat accompanied the swimmers to pick them up when necessary, and when not more than five rods from shore, both shipped a sea at the same instant, and had to be hauled into the boat to rid themselves of the wave they had swallowed. They were rowed ashore with heads over the gunwale, amid the shouts of the spectators assembled to see the featherless bipeds swim Ontario.

GREAT BRITAIN.—In the House of Commons on Thursday, Mr. Roebuck moved resolutions reprobatory of the Persian war. He supported his motion in a bitter speech. Lord Palmerston replied, and the resolutions were rejected, 18 against 52

On Friday, Lord Brougham moved for an address, praying the Queen to discountenance all measures tending to promote the slave trade.—Lord Clarendon said the Government would not hesitate to use power invested in it—to stop the slave trade it is supposed.

Parliament will be prorogued in about a fortnight or three weeks.

The British Government intends sending to India, the steam squadron and a considerable force of artillery by the most speedy conveyance at hand; and in addition to the troops already mentioned, the force that had been appropriated for the Chinese operation, had all been intercepted, and ordered for service in India. This force is to be compensated for in China by a battalion of marines to be despatched to Hong Kong without delay.

The London Times, in an article on the Hon W. L. Marcy's privateering letter, which it calls a bold comprehensive proposal, expresses regret that England did not close at once with the suggestions therein named.

The French news is unimportant.

SPAIN.—Two war steamers are about to sail from Cadiz for Havana, taking out instructions for Gen. Concha from the Government; also conveying more troops and materials of war for the expedition against Mexico, which Spain will certainly undertake, unless she receives full satisfaction from the Republic.

Italy was tranquil. It was asserted that the movement was planned in London, and that the Italian Court, backed by Austria and France, was about to protest against the asylum which England affords to these troublesome refugees.

TROY, Jul 29.

Judge Nelson's opinion on the application of R. D. Silleman of Troy, to restrain the Hudson River Bridge Company from building their bridge under the act of the Legislature of this State in 1856, was received this morning. He grants the injunction, and his opinion is strongly against the constitutionality as well as the general policy of the act.

WASHINGTON, July 28.

About half-past two o'clock this P. M., soon after the adjournment of the Naval Court No. 3, Com. Newton was struck with paralysis on the right side, and died about 4 o'clock He was in per ect health, apparently, up to the instant of the attack.

The instructions to Gov. Cumming were completed to-day. They are brief and specific. He is to see that the laws of the U. S. are faithfully executed, and no man in Utah is to be affected for his political or religious opinions, but held responsible for his conduct.

Should the civil authorities be unable to enforce the laws, military forces are then to be employed. While Gov. Cumming's power is ample for all practicable purposes, much is confided to his discretion.

The President will leave for Bedford Springs to-morrow morning, accompanied by his niece, Miss Lane.

WASHINGTON, July 29.

The Secretary of War has received a dispatch from Fort Snelling, M. T., of the 24th inst., informing him that the Sioux Indians have acceded to everything requested of them by the General Government, and are now quiet.

The Postmaster General has awarded the contract for furnishing stamped envelopes to G. F. Nesbitt, of New York, as the lowest bidder.

Judge Stiles, District Attorney Hackaday, and Marshal Diton, Federal officers of Utah, joined in a card emphatically contradicting the reports from that Territory, extensively published in the newspapers, which charged David H. Burr, late Surveyor General of Utah, with having committed frauds upon the Government in overcharging expenses, and falsifying the Mormons.

A report is in circulation that Brigham Young has written a letter to President Buchanan, expressing gratification at the prospect of being relieved from the Governorship of Utah, and promising that the federal officers to be sent thither will be kindly treated, provided they attend to their legitimate business.

CITY MATTERS.

POLICE COURT, JULY 30.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Thomas Brennan, disorderly, sent up for three days in default of fine.

THE IMPORTANCE OF A "STAR."—Fregott Bornschien is an independent Prussian, whose name implies *born in sunshine*, on account of which smaller luminaries than a "star" find it difficult to shine in his presence. The Ninth Ward constable attempted to serve a process upon Mr. Bornschien, on Wednesday, when he made the above constable "see stars" for a short time, because he did not show a "star." The constable succeeded, however, in bringing Mr. B. to terms, and lodging him in the watch house. Justice Walworth sent him up yesterday for 20 days, in order to give him due time to consider the importance of a star.

FREE BOARD AND LODGINGS.—A wild Irishman, named Patrick McGuinn, was taken before the police justice for being drunk, and fined $1. The justice asked him if he had a dollar to pay his fine:—"The divil a cint have I," said he, "and faith shure I wish your honor would be afther givin' me a dollar to pay my board and lodgin's for one day.

"I will give you an order for it," said the justice.

"Thank yer honor," said he.

Whereupon Justice Walworth, in the overflowing of his liberality, made out an order for five days board and lodging, for Patrick McGuinn, in a brick mansion in the Seventh Ward, *adjoining the Court House*. We have'nt heard how Pat was pleased with his fare.

A WOMAN WHIPPER.—An old brute, named John Brattry, was sent up for 30 days yesterday for beating his wife. Her story was a hard one. She said he had not done any work or earned a cent for two years, and when she could not provide food for him, the old wretch would whip her unmercifully. Upon being asked how many times he had beaten her, she said, so often that she could not tell. It would seem that 30 days imprisonment were a light punishment for such an offence. A year's hard work, with just enough food to keep him alive, would be light punishment enough for such a fellow.

STREET COMMISSIONERS' ORDERS, &C.—In the *3d Ward*, some 80 lots have been declared nuisances, and ordered filled in 10 days from the 27th.

Sewers are ordered on both sides of Michigan St., to the lake shore, from the north line of Detroit St., "across lots" to the river—and from the same point through the alleys in blocks 45, 42, 41, 119, 157 and 164, through Jefferson street to Erie.

The following lots in the *5th ward* are declared nuisances, to be filled in ten days:

Lots 4 and 5, block 56, Walker's Point.

Lots 1 and 2, block 26, " "

Parts of lots 7, 8, 9, 10, 11 and 12, block 26, Walker's Point, and the alley running through block 26.

Lots 1 and 2, block 17, Walker's Point

All the lots in block 31, " "

Lot 6, block 7, Milwaukee Proper.

Grading and side walks are ordered on Railroad St., from Clinton to Monroe—East side of Monroe, from Scott St. to the south line of the ward—South Water St., from Reed to the Menomonee River—Grove St., from Scott to the Railroad—Scott St., from Hanover to Monroe—Madison St., from Hanover to Monroe

Also a sewer on Mineral St.

Grove St. is ordered gravelled, from Oregon to Washington street to be graded from Washington to Railroad.

Ington—Elizabeth St., from Grove to Monroe.

In the 6th ward, Walnut St. and side walks are ordered graded, guttered and planked from 3d to 2d St.

Sealed proposals are invited for a large amount of work in this ward, in making side walks and gutters.

In the 7th ward, proposals are wanted till Saturday at 5 P. M. for paving the balance of Main St., from Mason to Wisconsin, and Mason St., from East Water to Main. Also for grading Van Buren St. from Oneida to Martin.

In the 9th ward proposals are wanted for numerous parcels of grading

"LOOK OUT FOR BRICKS!"—It is not at all agreeable to have one's cranium smashed in by the falling of a brick from the fourth or fifth story of a new building on East Water street. Of course it would be just as inconvenient from an old building as a new one, and upon any other street as East Water; but we particularize the latter, because it seems to be the only place where there is imminent danger of such an accident occurring.

In passing under the scaffolding of Murray's new building, on Market Square, yesterday afternoon, a brick bat came whizzing within six inches of our head, from the top of the building, and upon looking on the sidewalk where it fell, we espied dozens of them that came down in the same whizzing manner, and which might have killed as many men, if they had only stood in the right place when they were falling! Now, as "an ounce of prevention is worth a pound of cure," we would advise all to keep on the safe side, and the safe side of this question appears to be the opposite side of East Water street, from that upon which new buildings are being erected. Take our advice and "look out for bricks!"

PROF. MARTIN HOBSON.—We see by the Waukesha *Republican* that this gentleman is stopping in the village of Waukesha, for a short time, for the purpose of giving instructions in music.

We can assure our Waukesha friends that they will not often find a better musician, or a more accomplished gentleman than Prof. Hobson, and those who desire instructions in piano music, will do well to take lessons of him. He possesses a great natural taste for music, which, with much cultivation, has made him a most successful teacher.

RAILROAD IRON ARRIVED.—The following cargoes of railroad iron have arrived this week:

Prop *Iowa*, Buffalo, 1,663 bars for Mil. & Horicon R. R.

Schr *Racer*, Buffalo, 550 tons for ———

Schr *S. J. Holley*, Oswego, 1,800 bars for La Crosse & Mil. R. R.

Schr *M. L. Collins*, Oswego, 1,739 bars for ditto.

Schr *Granada*, Oswego, 1,962 bars for ditto.

Schr *Griswold*, Kingston, C., 795 tons for Mil. & Miss. R. R.

OGDEN & WALL'S VIEW OF MILWAUKEE.—The demand for copies of this capital picture of Milwaukee, got up by the enterprise of Messrs. OGDEN & WALL to accompany their plat of Judge Smith's Addition, is so great that they have concluded to have an additional number printed, and left at the bookstores, so that those who wish to procure copies to send away can obtain them at a price which will pay the cost of the additional number.—Meanwhile, those who wish for single copies can get them gratis at Messrs. O. & W's office, in the Albany.

EDITORIAL CHANGE.—MR. JAMES MCALLISTER, for some time past local editor of the *Daily News*, has retired from his editorial duties in order to go into another branch of business. Mr. J. W. HINTON, who, for several years, was Reporter for the *Sentinel*, takes the place of Mr. McAllister. During Mr. Hinton's long connection with the *Sentinel*, he showed himself to be an industrious and wide-awake chronicler of the city affairs, and we doubt not that the publishers of the *News* will find in him a valuable accession to their paper.

THE DIRECTORY.—The *Free Democrat*, we are sorry to see, takes exception to the card of the *Sentinel* office, frequently repeated in the new Directory of Ermiso, Burdick & Co. It is the first time that we have seen any censure, in a public press, upon a business establishment, for advertising too much. For our part, we advocate advertising, and practice what we preach to others.

A LUXURIANT CROP.—It is estimated that the lower parts of the Third Ward will yield about *fifty* bushels of frogs to the block during the present season; besides mud turtles and other amphibia! If some cute Yankee would go into the exportation of these delicacies for the eastern markets, he would, undoubtedly, make a profitable "spec" out of it.

P. S.—Parts of the Fifth Ward will average more than the above.

GERMAN THEATRE.—There is a company from New York now performing at the German Theatre in Market Hall, who are attracting considerable attention.

PROCEEDINGS OF THE HORTICULTURAL AND AGRICULTURAL ASSOCIATION OF MILWAUKEE.—At a meeting of the Society, held on the 25th inst., it was resolved as follows:

1. The exhibition of vegetables will take place on Tuesday and Wednesday, the 4th and 5th days of August at the People's Garden of Messrs. Pelosi & Rach.

2. The exhibition to commence on Tuesday at 8 o'clock A. M., and on Wednesday at 4 o'clock P. M.

3. The public will be admitted free.

4. The vegetables will be placed in an enclosure, but so as to be seen by every one.

5. Amateurs of Horticulture and Agriculture, wishing to make a closer examination of the Vegetables, will be admitted to the enclosure on paying 10 cents.

6. Children under 15 years of age will not be admitted unless accompanied by their parents or teachers.

7. Twenty four premiums will be awarded as follows:

A. One premium for the richest and finest assortment of flowers.

B. One premium for the richest and finest assortment of vegetables and fruits.

C. Three premiums for flowers.

D. Three premiums for vegetables and fruits (field.)

E. Three premiums on fruit as follows:

First premium for 18 pieces of each kind.
Second " " 12 " " "
Third " " 6 " " "

F. Three premiums for hot bed plants.
G. Three do field plants.
H. Six do boquets.
I. One do artificials.

☞ The following named persons were chosen arbitrators:

M Hartung, I Berkas, G Butemeister, Leitdolt, Mowers.

The gardens will be finely ornamented, and no effort will be spared to render the exhibition the best thing of the kind which has ever taken place in Milwaukee.

The Association respectfully solicits the liberal patronage of the public.

O. BUTEMEISTER, Secretary.

ONLY A FEW DAYS LONGER.—We are informed by the Manager that Smith's Tour of Europe, now on exhibition at Young's Hall, can be seen but a few days longer in this city. It has been very much admired by all who have attended its exhibition, and those who fail to see it will lose a rare treat. It will be exhibited to-morrow afternoon for school children. Admission 10 cents—25 cents at other times.

BOTTLED LAGER BEER.—By an advertisement it will be seen that the popular beverage, Lager Beer, can hereafter be had in bottles, for families, by leaving orders at HUNN & GOODRICH'S, East Water St., or at C. SEAMAN'S, 5th Ward. The enterprise is a good one, and if, as we doubt not will be the case, a good article is furnished, the projectors will find their hands full of business.

STILL THEY COME!—We are gratified to learn that so rapid were the sales of the new Directory yesterday, the publishers were unable to supply the demand after 2 o'clock. They will have a new supply, however, this morning, and our citizens will be waited upon during the day.

☞ A gentleman from Washington County, who was presented with an elegant Gold Watch at the Book Sale of LINCOLN & Co., No. 3 Spring Street, last evening, very shrewdly observed that he "guessed Milwaukee I dan't made much out of him, this time!"

BURGLARS ABOUT.—The *Wisconsin* says that a burglar broke into the house of a man named Russet, a night or two since, near the corner of Fourth and Sycamore streets. It is well to be on the look out for these gentry.

NUISANCE LOTS.—The following lots have been declared public nuisances, and ordered to be filled:

Lots 7, 9 and 11, and the alley in the rear of the same, in the 5th Ward.

Also lots 9, in block 113, in same ward.

REAL ESTATE SALES YESTERDAY.—Mr. J. S. FILLMORE, Land and Collecting Agent, No. 246 East Water Street, reports the following registered sales of real estate:

L 3, 4, 5, 6, B 4, in Alexanderia subdivision of L 5 and 6, B 4 Hubbard & Pearson's addition. $2 600

To al.. $2,600

☞ The following from the pen of Ex Senator Hanniyan, of Indiana, will be appreciated by all:

"We cannot refrain from calling the attention of our readers to the "Hair Restorative" of Prof. O. J. Wood. It will be seen that he has numerous certificates from persons of the highest character, to the merits of his Restorative. From positive knowledge, we are also enabled to say that it is, in every sense, what it professes to be, and we do not hesitate to pronounce it the finest preparation for the head and hair which has, so far, been devised by human ingenuity. We have seen it arrest threatened baldness, and restore to the head its original profusion of natural and glossy hair, and when the latter has been prematurely tinged with gray, we have seen it like magic, restore the colors of youth and health. The distinguishing property of this, we might truly say, miraculous "Restorative" is, that it gives to the person who uses it the same head of hair they wore in youth, thus acting in strict compliance with the first and greatest of all toilet makers—Nature. No one who has used it will hesitate to unite with us in this testimony to its peculiar merit."—*Covington (Ind.) People's Friend*

CHICAGO, July 29.

WHEAT—One or two car loads sold at the opening at $1 14a1.15, but at the close of 'change $1,12 became the highest offered price. After business hours an inquiry for a cargo was made which, acting upon the meagre stock stiffened the feeling a trifle, and $1,14 was offered 2 cars of new wheat, No. 1 white winter, sold at $1,50.

CORN—At the opening holders demanded 68c in store, only 67c being offered, and hardly any business was done. A boat load of prime river sold at 69c afloat. Later, a little better tone in the New York market quickened the inquiry and for a cargo delivered next week 69½c on board was offered.

OATS—There is a brisk city demand and full prices for lots in bags are realized; 420 bus sold at the depot to-day at 50c. Occasional sales are made at higher figures. In bulk they are sold in a small way at 58c in store, but for large quantities no more than 50c is offered.

BARLEY—For a lot of 250 bus 75c was offered at distillery.—*Press.*

Most of the holders, including the largest, still retain their firmness, and do not offer their stocks, but on the part of others there is a strong desire to sell—hence the depression. LESSONS IN
Foreign Languages.
MR. AND MRS. E. S. H. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 12 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

As no odor proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will immediately disappear. It is the article used by the Kid Glove Manufacturers of France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans kid slippers and white and colored kid gloves elegantly. It is also an excellent article for the toilet, and for beautifying the complexion removing tan, pimples, &c., far exceeds in excellence any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it.—It can be obtained of all Druggists and Dealers in Fancy Goods in Milwaukee, and at wholesale of the sole proprietors CLARK & CO., 335 Broadway, New York. MEDICAL.

BOERHAVE'S
HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE.
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic affections, it has in many instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.
NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.
CAUTION!
The great popularity of this delightful aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

THE GREATEST
MEDICAL DISCOVERY
OF THE AGE.
MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism
Three to four bottles are warranted to cure salt rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
ROXBURY, Mass.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine, and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

CONGRESS WATER.
TO SOUTHERNERS:
DRINKERS OF CONGRESS WATER.
AN inferior article of Mineral Water is advertised and sold under the name of Saratoga Water, the word "Saratoga" being used by counterfeiters in cases where they dare not risk adding their fictitious article as "Congress Water." The success of the cheat arises from Congress Water having been so often called Saratoga Water, that many people suppose that its true and only name. Taking advantage of this, the spurious article is so put up, with names, marks, and bottles, as to resemble as near as they dare, Congress Water, and mostly sold as an imitation of it to those acquainted with the distinguishing marks and brand, peculiar flavor and qualities of the genuine Congress Water. There are a multitude of Springs at Saratoga, the water from any of which might be sold "Saratoga Water," by persons whose scruples of conscience extend only to cases where they are liable to pecuniary punishment, and yet the article so imposed on the public be worthless or injurious. If you want genuine Congress Water buy it of respectable dealers only, and in all cases observe that the Brand on the Cork is ☞ CONGRESS C. & W. WATER, ☜ for without these words and letters, it is a swindling counterfeit. CLARKE & WHITE,

MEDICAL.

R. R. R.

THREE GREAT LIGHTS.
Mankind have long been engulphed in darkness, as regards the true means of securing health—ridding the human body from disease, and preserving life. The sick, under the fallacious treatment of the regular faculty, are subject to a continued practice of probabilities and uncertainties. There is nothing certain or fixed in the treatment of the sick either in the old or new schools of medicine.
Dr. Radway has succeeded in producing three remedies—known to the world as Radway's Ready Relief, Renovating Resolvent and Regulators. These remedies are not only established facts, inasmuch as they have never yet failed in their special or combined efficacy in producing fruitful and beneficial results—but, they are facts establishing a science—as they have in all cases, "when tried," succeeded in restoring to health—and ridding the body from disease after all other medical treatment had failed—and the most skilful physicians had given up the sick as beyond the power of human means to cure—and pronounced the dreadful manner—incurable.
Radway's Remedies are therefore fixed facts in the archives of medical science—they have been "often tried" —"never denied"—and are ready "to be tried again."

FIRST GREAT LIGHT.
RADWAY'S READY RELIEF.
As a Special Remedy to be used in all cases where the human body is seized with the torturing pangs or paroxysms of pain—no matter what the cause of the pain may be, or where it may be located—an application of the Ready Relief, either internally as a drink, or externally as an alleviator, will, in a few minutes, restore the afflicted body to ease and comfort.
In all cases of Bowel Disorders, Dysentery, Cholera, Bloody Flux Sick Headache, and other Nervous Affections, Neuralgia, Rheumatism, Sprains, Strains, Tooth Ache, Burns, Scalds, Wounds, Shot Wounds, Bruises, Cuts Poisoning, either by the bites or stings of Reptiles, insects or Vegetable or Mineral Poisoning by acid or—in all cases and under all circumstances where the human system is tortured by Pain, Radway's Ready Relief can be relied upon as a quick, safe and certain remedy.
In cases of Billiousness, Billious Fever, Typhus Fever, Ship Fever, Yellow Fever, Fever ague, Scarlet Fever, and all malignant Fevers, Small Pox, Measles, Pneumonia, Radway's Ready Relief, used in connection with Radway's Regulators, will cure the positively sick, afflicted with those disorders, and protect the system against sudden attacks when either of these malignant diseases prevail.

SECOND GREAT LIGHT.
RADWAY'S REGULATORS.
The discovery of these wonderful pills establishes a new era in purgation, and a new principle in the science of medicine. THE THREE GREAT LIGHTS
RADWAY'S RELIEF—REGULATOR—RESOLVENT.
In all constitutional diseases, and where the constitution is broken down, or the body in a rapid state of decay, or the system inoculated with the virus of disease, either by the violation of the laws of health, intemperance, excess and indulgence of the passions, or by hereditary transmission, as in cases of Scrofula, Consumption, Rheumatism, Gout, Fits and other heirlooms, which a long line of ancestry has so bountifully and richly bestowed on posterity, as a memento of the past, at the cost of the suffering inheritors. These Remedies in their triunity capacity, possess a curative power that no disease can withstand; their combined effect will eradicate from the living body every particle of diseased matter, renovate the whole system with health; *heal* the unsound, decaying lungs, or other organs; cleanse and purify the unclean from all impurities.
To the disabled wayfarer, who is crippled with infirmities, we invite you "to try" these remedies. We will vouch for their efficacy
With many hundreds of others who have witnessed and felt the effect of the "Three Great Lights," and as they rule and govern those bodies which they are destined by the Almighty Power, so these three Remedies stand as Rulers, Conquerors and Grand Masters of all diseases.
